August 2023 - March 2024

Courses: Foundations of User Experience (UX) Design, Empathize, Define, and Ideate, Build Wireframes and Low-Fidelity Prototypes, Conduct UX Research and Test Early Concepts, Create High-Fidelity Designs and Prototypes in Figma, Build Dynamic User Interfaces (UI) for Websites, Design a User Experience for Social Good & Prepare for Jobs

EXPERIENCE

Boston University College of Communication, Boston, MA

Adjunct Professor of Design Strategy & Software, August 2025–Present

- Leading introductory courses on the fundamentals of Adobe Creative Suite programs (Photoshop, Illustrator and InDesign), as well as industry standard file organization and management for designers and non-designers.
- Guiding students to create projects demonstrating how design strategies are used to engage audiences, and enhance comprehension of all forms of mass communication from traditional print to digital media.

Fortuna-Insights, Inc., Cambridge, MA

Lead UI/UX Designer and Researcher, May 2024–January 2025

- Using Figma and Adobe Creative Suite to design intuitive and visually appealing user interfaces that prioritize usability of generative AI technology.
- Conducting usability tests to understand client and user needs and designing prototypes of intuitive interfaces.
- Using Adobe After Effects and Adobe Illustrator to create animations and advertisements to enhance engagement of US and international consumers.

Lesley University College of Art and Design, Cambridge MA

Adjunct Professor of Design and Web Programming, August 2023–Present

- Leading an Interactive Workshop introducing web programming languages (HTML/CSS) and the creative processes associated with web and user experience (UX) design according to industry standards.
- Leading an introductory course on the fundamentals of Adobe Photoshop and Adobe Illustrator.
- Led an introductory course on the essentials of information architecture in user interface (UI) design.
- Leading an introductory course on the fundamentals of user experience (UX) research.

Boston University SPARK! X-Lab, Boston, MA

Lead UI/UX Designer and Researcher, January 2023 – May 2023

- Used Figma for user experience design in apps and web applications for clients: GBH x NAACP Media Bias Tool and Boston's District 7 Mobile App for community outreach.
- Refined designs by communicating with developers and engineers to catalyze low-fidelity wireframes to high-fidelity prototypes of the applications ready for usability testing.
